Please note that while we will do our best to accommodate your desires for placement of your homeschooled child, we cannot guarantee that we will have openings as a MOPPET helper or a Steering helper. If your child is placed as a MOPPET helper or a Steering helper, remaining assigned to that placement is fully dependent upon their ability and willingness to accomplish requested tasks and to provide tangible assistance. Removal from the MOPPETS or Steering helper position will be made at the discretion of the MOPS Coordinator.

The Study Hall room will have an assigned adult who will act as a chaperone. Students are not allowed to leave the Study Hall room, with the exception of restroom visits, until the close of the MOPS morning, at which time they must be picked up by their mother. While in Study Hall, students are expected to behave respectfully, dress modestly and to follow the direction of their assigned chaperone. Students are required to bring materials to work on during the course of the morning. Please be sure to provide enough material for the entire 2 hours. Students are permitted to bring and to use electronic devices such as I-Pods, laptops, and game systems, provided that appropriate headphones are used and that they do not disturb other students. Use of cell phones during Study Hall is limited to

texting. Students may not receive or make phone calls. Food and beverages are permitted (within reason). No food will be provided by MOPS during the course of the morning. Under no circumstances will coarse language, questionable materials, or immodest attire be tolerated.

I understand the above requests and will communicate these requests to my child. I also understand that if these requests are not followed, I will be asked to make other arrangements for the supervision of my child during MOPS.
